A. Bakuridze (Georgia)
A. Beridze (Georgia)
M. Dolidze (Georgia)
T. Gabaidze (Georgia)
N. Grigolia (Georgia)
K-W. Jauch (Germany),
Chairman
K.Kashibadze (Georgia)
M.Kiladze (Georgia),
Vice-Chairman
A.Kvitashvili (Georgia)
H.Stiegler (Germany)
F.Todua (Georgia)
A.Tsiskaridze (Georgia)

FACULTY:

N.Bokhashvili (Georgia)
D.Clever (Germany)
V.Goderdzishvili (Georgia)
G.Grigolia (Germany)
K-W.Jauch (Germany)
M.Kiladze (Georgia)
R.Lang (Germany)
G.Meimarakis (Germany)
M.Mizandari (Georgia)
L.Peikrishvili (Georgia)
H.Stiegler (Germany)
M.Tietze (Germany)
G.Tsivtsivadze (Georgia)

Time and Place:

Sessions on 28,29 of October will take place at the
Gudushauri National Medical Center (Tbilisi, Georgia)
Sessions on 30,31 of October will take place at the
Rustaveli Batumi State University (Batumi, Georgia)

Language

The language of the workshop is English

Scientific Program

Friday 28 of October 2011

Location: Gudushauri National Medical Center (Tbilisi, Georgia)

Chairmen: Prof. K-W.Jauch (Germany), Prof. H.Stiegler
(Germany),

Prof. N.Grigolia (Georgia), Prof. M.Kiladze (Georgia)

- | | |
|---------------|---|
| 10.30 – 11.00 | Welcome and Greetings |
| 11.00 – 14.00 | Polytrauma Management – H.Stiegler
(Germany)

Abdominal Trauma: Diagnostic and Surgical
Options – M.Tietze (Germany)

Vascular Trauma - H. Stiegler (Germany)

Trauma in the War 2008 – M.Kiladze,
V.Goderdzishvili (Georgia)

Wound Management - H.Stiegler (Germany) |
| 14.00 – 15.00 | Lunch |
| 15.00 – 18.00 | Suture Techniques and Practical Skills
Course
(Wound, GI-Tract, Vascular Suture) |
| 20.00 | Welcome Reception |

Scientific Program

Saturday 29 of October 2011

Location: Gudushauri National Medical Center (Tbilisi, Georgia)

Chairmen: Prof. K-W.Jauch (Germany), Prof. H.Stiegler
(Germany),

Prof. N.Grigolia (Georgia), Prof. M.Kiladze (Georgia)

10.00 – 13.00 Laparotomy and Hernia Repair – K-W.Jauch
(Germany)

Adhesion and Adhesion Prophylaxis –
R.Lang (Germany)

Acute Abdomen, Peritonitis – K-W. Jauch
(Germany)

GI Bleeding – M.Kiladze, L.Peikrishvili
(Georgia)

Intrahepatic Bleeding – M.Mizandari
(Georgia)

Diverticulitis – G.Grigolia (Germany)

13.00 – 14.00 Lunch

14.00 – 17.00 Skills Course, Suture Techniques

17.00 Transfer from Tbilisi to Batumi

22.00 Arrival at Batumi Sheraton Hotel and check in

Scientific Program

Sunday 30 of October 2011

Location: Shota Rustaveli Batumi State University (Batumi, Georgia)

Chairmen: Prof.K-W.Jauch (Germany), Prof. H.Stiegler (Germany),

Prof. M.Kiladze (Georgia), Prof. A.Beridze (Georgia)

	Coordinators: Prof.D.Clever, Dr.G.Meimarakis
09:00-09:15	Introduction, schedule, learning objectives
09:15-09:45	Basic technical concepts of Doppler-Ultrasound, color-coded Duplex-Ultrasound and contrast enhanced ultrasound
09:45-10:15	Basic technical concepts of Doppler-Ultrasound and color-coded Duplex-Ultrasound in standard examination of the carotid artery
10:15-10:45	Normal carotid and vertebral arteries: exam schemes – diagnoses - variants
10:45-11:15	Trauma and Emergency pathologies using contrast enhanced ultrasound in carotid artery: Comparison of MRA and CTA. Diagnosis and Pitfalls
11:15-11:30	Break
11:30-12:30	Tutorial
12:30-14:00	Lunch

Examination techniques, ultrasound anatomy
and ultrasound pathology of

- 14:00-15:00
 - Liver
 - Gall bladder and biliary tract
 - Pancreas
 - Spleen
 - Kidney and urinary tract

- 15:00-16:00 Tutorial

- 16:00-16:30 General and emergency ultrasound in aortic pathologies: Contrast enhanced ultrasound, CTA, MRA

- 16:30-17:00 Role of ultrasound in blunt abdominal trauma

- 17:00-17:15 Summary and discussion

Scientific Program

Monday 31 of October 2011

Location: Shota Rustaveli Batumi State University (Batumi, Georgia)

Chairmen: Prof. K-W.Jauch (Germany), Prof. H.Stiegler (Germany),

Prof. M.Kiladze (Georgia), Prof. A.Beridze (Georgia)

09:00-09:15	Coordinators:Prof.D.Clever, Dr.G.Meimarakis Introduction, schedule, learning objectives
09:15-09:30	Diagnostic findings after kidney transplantation
09:30-10:15	Diagnostic findings after liver transplantation
10:15-10:45	Use and significance of ultrasound in the setting of acute abdomen
10:45-11:00	Break
11:00-12:30	Tutorial
12:30-14:00	Lunch
14:00-14:30	Special lecture: <ul style="list-style-type: none">▪ Potential therapeutic strategies of liver tumor management▪ Comparison of ultrasound, CT and MRI in liver disease Abdominal and retroperitoneal vessels
14:30-16:00	Tutorial
16:00-16:15	Summary and discussion

Program

Tuesday 1 of November 2011

09.00 – 11.00	Batumi Boulevard Tour
11.00	Transfer from Batumi to Tbilisi
16.00 – 17.00	Visit to the Institute of Radiology and Interventional Diagnostics
18.00	Visit and Welcome Reception at “JSC SARAJISHVILI” Cognac Company

**International Workshop 2011 would like to thank
Partners and Sponsors:**
