LEARN FRENCH IN BRITTANY'S TOP
ENGINEERING SCHOOLS

FROM JUNE 15th TO JULY 3rd, 2020

Technology and Science in Rennes

You will discover a few INSA research labs as well as some leading innovative companies.

Visit of the “**Musée des Transmissions**” at the Espace Ferrié, close to the campus. The exhibition “The Telephone from Graham Bell to Today” will introduce students to the fascinating world and history of communications.

Free Time at “**Les Champs Libres**”, a science and cultural center in the city of Rennes.
Special showing at the **Planetarium**
www.espace-sciences.org/planetarium

Visits of Brittany and Normandy Coasts

La Pointe du Grouin (natural bird reserve) and Cancale's oyster fields.

Saint-Malo, where students will complete a scavenger hunt to familiarize themselves with the many famous events and people of this beautiful fortified port city.

The Mont Saint-Michel

Including a visit of the historic town and abbey and a hike through the bay.

Medieval cities of Brittany

Rennes

Half-day guided tour of Rennes, visit of the historic center.
Guided tour of the Parliament.

Fougères

Trip to Fougères and guided tour of the largest medieval castle in Europe.

Culture, the French Way

Discovery of **French Farmers Markets: “Les Halles”** and “**Les Lices**”, one of the largest food markets in France, followed by a traditional picnic lunch in Parc du Thabor.

Free time at the “**Ecomusée du pays de Rennes**”
www.ecomusee-rennes-metropole.fr

“Fête de la musique”

Free evening among the numerous street concerts organized by the city of Rennes each year.

World War II

All day trip to visit **Caen's WWII Memorial Museum and Normandy's American Cemetery and Memorial**.

Includes a guided tour of D-Day beaches: Arromanches, Colleville-sur-Mer, La Pointe du Hoc.
